1. General product information

- The FACT back plate 4 Elements is designed to mount FACT chassis into an ETSI frame.

2. Warnings and caution

- To fully populate an ETSI frame: Only the 4 and 28 back plate element configurations are compatible. Don't combine other sizes of back plates, as combinations of these will create gaps in between. Only use the 2 E back plates in combination with other 2 E back plates (not recommended). 1 E back plates should always be used separately.
- Only use back plates that are equal in size or larger than the chassis to be fitted , to avoid issues when mounting the modules.
- Use proper tools and follow local safety precautions when installing these back plates.

3. Product images

5.2. Mount the back plate, using an Allen key. Install further back plates "gapless".

4. Kit content FACT-ACCBLP4E

- 1x FACT back plate 4 elements
- 4x Cage nuts with 4x screws
- 1x Tool for cage nuts

5. Mounting FACT back plate into an ETSI frame

5.1. Determine the position of the back plate. Mount the cage nuts in the frame with the tool, as shown.
